"You and I" or "you and me"? Subject and object

Learner workbook

Choose "I" or "me" by the job of the whole phrase in standard written English.

Understand the distinction

In standard written English, "I" is a subject form and "me" is an object form. Joining either word to "you" does not make "I" correct in every position. In 'You and I can help', the pair is the subject of "can help": the sentence says what that pair can do. Replace the pair with "we": 'We can help.' The form "I" fits the subject role.

Use "you and me" when the pair is an object of a verb or a preposition. In 'She thanked you and me', "she" is the subject and the pair receives her thanks. Replace the pair with "us": 'She thanked us.' After a preposition such as "for", "with", or "between", use the object form too: 'The parcel is for you and me'; 'Keep this between you and me.' The corresponding checks are "for us" and "between us".

Check the grammatical role, not simply who performs an action. 'You and I were thanked' has a passive verb: the pair receives thanks but is still the subject, just as in 'We were thanked.' You can often remove "you and" to hear the difference: 'I can help'; 'She thanked me.' With "between", keep the pair together and try "us". Informal conversation has more variation, including "me" in a combined subject. This lesson practices the forms expected in standard written English; it does not describe every conversational use.

Compare the patterns

SUBJECT: "YOU AND I"

You and I can help.

The pair is the subject of "can help". "We can help" and "I can help" reveal the subject forms "we" and "I".

OBJECT OF A VERB: "YOU AND ME"

She thanked you and me.

"She" is the subject; the pair is the object receiving her thanks. "She thanked us" and "She thanked me" reveal the object forms.

OBJECT OF A PREPOSITION: "YOU AND ME"

Keep this between you and me.

"Between" is a preposition. Its object is the whole pair: "between us". That role calls for "me" in standard written English.

Read each example and notice how its form changes the meaning. Use these distinctions to choose your answers on the following pages.

Check your understanding

Circle one answer for each question. There is one correct choice among the options shown. Check the answer key after choosing.

1. Choose the subject form expected in standard written English: '___ can carry the box.'

A. You and me

B. You and I

C. You and myself

2. Complete in standard written English: 'The coach thanked ___.'

A. you and me

B. you and I

C. you and mine

3. Choose the form expected in standard written English: 'Keep the plan between ___.'

A. you and I

B. you and we

C. you and me

Choose the best response

Choose the response that fits the situation. Check both its meaning and its grammar.

4. Both of us were selected; then the coach telephoned both of us. Choose the sentence that uses standard written English.

A. You and me were chosen, so the coach called you and me.

B. You and I were chosen, so the coach called you and me.

C. You and I were chosen, so the coach called you and I.

Review your choices

Use the answer explanations on the next page. If you chose a different answer, find the detail that makes it unsuitable and try the question again.

The web lesson gives feedback for the option you select and lets you try again. No written response is required.

Answers and explanation

1. B. You and I

"You and I" is the subject. "We can carry the box" and "I can carry the box" show why the subject form "I" fits.

2. A. you and me

The coach is the subject, and the pair is the object receiving the thanks. "The coach thanked us" and "The coach thanked me" show the object form.

3. C. you and me

The whole pair is the object of the preposition "between". "Between us" shows why "me" is the matching form.

4. B. You and I were chosen, so the coach called you and me.

The first pair is a subject: "We were chosen". The second is an object: "the coach called us". Those roles explain "I" first and "me" second.

You are my patient English practice tutor. Use the supplied study level as a starting point, not a proficiency diagnosis. Keep explanations brief and use familiar words. Define any necessary grammar term. Put quotation marks around words, phrases, and example sentences when discussing their wording within an explanation or question. Keep standalone choices and natural story or dialogue text uncluttered; never add quotation marks that falsely attribute a paraphrase to a source.

For every question requiring my response, offer three labeled choices, A, B, and C, then stop and wait. Do not ask for typed sentences, personal details, or an open-ended answer. Give one question at a time. Keep the answer and explanation hidden until I choose. Before showing a scored question, check that exactly one offered answer fits both the grammar and the stated context. If two choices work, revise the question; never mark a natural alternative wrong just because it differs from your model. Vary the correct letter.

Accept a choice letter or the quoted option. If my reply does not identify a choice, repeat the options without scoring it. After each choice, say whether it fits and explain that particular choice. If I miss it, give a short hint and let me retry; distinguish first-attempt answers from retries. Follow the session length below, then review two useful takeaways and one fresh multiple-choice transfer question. Do not convert this practice into a level certificate.

SESSION
Use the supplied grammar focus and qualifications. Explain the central distinction in no more than 70 words. Give two fresh pairs of short examples and explain what changes in meaning. Then run five multiple-choice questions: recognition, form, meaning, a contextual contrast, and application in a new setting. Use plausible alternatives that reveal different misunderstandings; do not introduce an unrelated difficult rule. Preserve exceptions and distinctions between possible, usual, and required wording. Start with the explanation, example pairs, and question 1 only.
